

Yes! The time has come that some will return to school. For months I have hoped this would happen as we have some unfinished projects that need attending to.

To help keep things organized, I have the class divided into 3 groups.

Group 1 - Monday/Tuesday

Group 2 - Thursday/Friday

Group 3 - Learning at Home

If you do not know which group you are in, just email me 😊 hlangley@sd53.bc.ca

For those coming to school, when you arrive please meet me outside by our window.

**Don't forget to bring – your water bottle with your name on it
-a reusable grocery bag to put your things in
-your lunch (we don't have a microwave)
-whiteboard, school books, animal report, division booklet, critical thinking booklet (if you have it), keep skills sharp booklet), dice, math fact ring, ruler**

We will be having gym outside and going on a walking trip every day, so please wear runners (no flip flops), a hat, sunscreen, a jacket if needed. In grade 3 Science we study landforms. So, we will be checking out a few and then making our own!

Everyone will have their own space at a desk. Just check the map on the white board!

If you are continuing learning at home. THAT IS OKAY! Just please let me know so I can prepare a schedule for Wednesdays. If you have told me, that your child is not returning, I will have a package ready at the office for Monday morning 😊
